Jenny & Brian - IBM is the company that concerns me. They talked to me 3 or 4 times this summer and were quite interested in having a room to set up a display Wed. & Thurs. I can't remember the other one that wanted to have a rep present. If the restaurant area is isolated enough for the corporate sponsors that are come, that will be fine. However, I think we need to have a room available if they would like some isolation (privacy). Especially considering the amount of money they have donated.

Dr. Fowler,  
The corporate sponsors that I have communicated with are only expecting to have a display on Thursday from around 11:00am to 2:00pm. This is why Budke has the room reserved from 11:00 to 2:00pm. We also thought that would be a good time to have the luncheon, so more students will be attracted to the displays. did you have other times in mind, and if so, have you communicated this with anyone else, namely sponsors?

Just wondering.....

Brian - The Corporate Sponsor reps are expecting a place to set up all during Wednesday afternoon and during Thursday morning, up until 2:30pm Thursday afternoon. Will they be expected to do that in "part of the restaurant area?"

Eileen - Tau Beta Pi will wait to hear from you before we spend any  
of this money.

Eddie and Garth:

I think it could be used during the Tau Beta Pi event with acknowledgement of Lockheed Martin Space Operations.

If that is acceptable to Garth - then I will call Gerry Oppliger and then we will have the students send a thank you to Lockheed.

Eileen

For the past 4 years Eileen Reichert has served the K-State College of Engineering first as our Constituent Development Officer at the Foundation and latter as Assistant to the Dean for Alumni Affairs. In this time she has done an exemplary and tireless job in the support of our many programs. For this superb work we are truly grateful. September 18, 1998 Eileen will be leaving us to join her husband Bruce in Houston as he starts a new career at Input-Ouput Inc.

Please join me in giving Eileen a great big thank you. Also, we wish all the best to Eileen and Bruce as the embark on this new adventure!

Eddie,

Since you are working with Tau Beta Pi, I'll look to you and the officers to come up with an appropriate idea. If something comes to mind, I'll let you know. Eileen: any chance to get Mr. Oppliger to come? Would he be an appropriate substitute (not as an astronaut, but as a very successful engineer) on the Tau Beta Pi schedule?

Garth

Eileen & Garth - If the money is used as a corporate donation to the  
Tau Beta Pi National Convention, we will use it for refreshments  
during the four break periods of the convention. We will give credit  
to Lockheed, listing them on the corporate sponsor banners at our  
corporate sponsor room and at the refreshment tables. Jenny Wright,  
our corporate sponsor POC, will write a letter of thank you to, Gerry  
Oppliger, from the local Kansas Gamma Chapter.

Let me know what you want to do.

Eileen - Since I haven't heard anything further about the \$700.00 from Lockheed being used for the Tau Beta Pi, I was wanting to know what is its status and what can I do to be able to use it for break refreshments during the National Convention.

Drs. Fowler and Thompson:

A conflict has developed for the appearance of Kay Hire during the Tau Beta Pi convention.

I think the way to resolve things at this point would be to use the \$700 in Lockheed Martin money for activities during the convention. With recognition given to Lockheed and a thank you note to Lockheed and Gerry Oppliger, pres of Lockheed Space Operations and K-Stater, inparticular.

Let me knwo what you think

Jenny & Danna - I need to know who all of our corporate sponsors are.  
The ones I know are:

\$5,000 - CITGO/Dean King  
\$500 - HBE Corp., St. Louis  
\$1,000 - Anderson Consulting, Address unknown  
\$2,500 - Ron Neddle  
Cessna Aircraft Co.  
P.O.Box 7704  
Wichita, KS 67277-7704  
\$500 - Gary Edwards, President, CONOCO, Address unknown

It seems to me that there was one or two others. Were there?

Danna - You have the address for Anderson Consulting in the papers I gave you. Jenny needs that address and maybe others. Would the two of you communicate what you need to know?

Danna - Please pick up the papers that I have put in the EECE Nat. Conv. mailbox for you.

Jenny - Does this take care of the info that you needed?
